

# Bikash Ch. Senapati

Software Engineer — Java Developer — .NET (Beginner)

+91 8144194934 | senapatibikash168@gmail.com | github.com/BikashSenapati31 | linkedin.com/in/bikash-senapati | Portfolio

## PROFILE

Results-driven Java Developer with hands-on experience building full-stack applications using Java, MySQL, PHP, HTML, CSS, and JavaScript. Skilled in developing scalable backend logic, authentication systems, CRUD operations, and responsive front-end components. Strong understanding of OOP, Data Structures, DBMS, MVC architecture, and Software Development Lifecycle (SDLC). Built impactful projects including a full-stack educational platform and portfolio website. Known for clean coding practices, problem-solving ability, and quick learning. Seeking entry-level SDE / Java Developer roles to contribute to backend engineering and product development.

## TECHNICAL SKILLS

**Languages:** Java, JavaScript, SQL, C# (Basics)

**Web Technologies:** HTML5, CSS3, PHP

**Technologies:** .NET (Basics), ASP.NET (Basics)

**Databases:** MySQL

**Tools & Frameworks:** Git, Apache Tomcat, VS Code

**Core Concepts:** Object-Oriented Programming (OOP), Data Structures and Algorithms, MVC Architecture

**Cloud:** Microsoft Azure Fundamentals, Cloud Computing Concepts

## EDUCATION

**B.Tech in Computer Science and Engineering**

*Trident Academy of Technology, Bhubaneswar*

Dec 2021 – May 2025

*CGPA: 7.33*

**Senior Secondary (CBSE)**

*Chandra Sekharpur Academy, Puri*

Apr 2019 – May 2021

**Secondary (CBSE)**

*Oriental Public School, Bolangir*

Apr 2018 – May 2019

## PROJECTS

**EDU MATE – Interactive Educational Platform** | *Java, PHP, MySQL, HTML, CSS, JavaScript* | GitHub Repository

- Designed and developed a full-stack learning platform supporting lessons, quizzes, authentication, and progress tracking.
- Implemented backend modules using Java and MySQL, optimizing database queries to reduce response time by 35%.
- Built dynamic user interfaces using PHP and JavaScript with responsive layouts, improving mobile usability by 40%.
- Integrated gamified features that increased user engagement in testing by 60%.

**Employee Management System** | *Java, HTML, CSS, SQL*

- Developed a CRUD-based employee management system with add, update, delete, and search modules using Java.
- Implemented JDBC connectivity for efficient querying and robust exception handling.
- Optimized SQL queries and indexing, improving data retrieval speed by 30%.
- Designed a clean and intuitive UI to enhance record navigation and usability.

## CERTIFICATIONS

- Programming in Java – NPTEL (Completed: March 2024)
- Technology Consulting Virtual Experience – Deloitte (Job Simulation)
- Microsoft Certified: Azure Fundamentals | Credential Link

## LANGUAGES

English: Proficient    Hindi: Advanced
